

First Aid – Camporee Event

At the Camporee First Aid Event, you'll be judged on very specific criteria.

Judges are looking for specific responses!

For any scenario they give you, include the following in your response:

- 1) Bring First Aid Kit.
- 2) Assess the situation verbally (out loud to the judges).
- 3) 1 person takes charge.
- 4) 1 person goes for help . . . gets an adult and/or calls 911, then returns to help.
- 5) Team members must cooperate with each other and ALL members must help!
- 6) Treat the victims gently and respectfully. Reassure and calm them.
- 7) Talk out loud about what you're doing so the judges can hear you . . . they need to know what you're thinking and that you can describe all the First Aid involved.
- 8) Take care of victims and injuries in the order of seriousness.

First Aid Kit

Assess the situation out loud

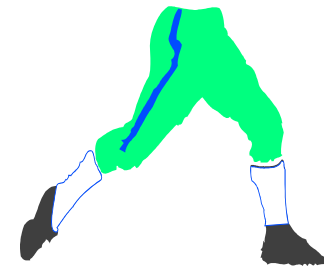

"It looks like Betsy fell out of the tree and may have a broken arm and some cuts. She fell on top of Suzy, who is feeling faint."

1 person in charge

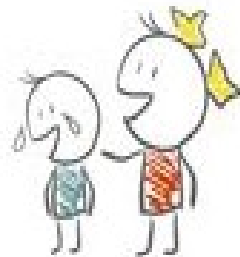

1 person goes for help

Team members cooperate and all help!

Reassure and calm the victim

Talk about what you're doing

*"Are you choking?
She can't talk or cough.
It looks like she's choking.
I'd better do abdominal thrusts."*

Take care of victims/injuries in order of seriousness
